

The background of the entire image is a dense field of coffee beans. The top portion features light-colored, unroasted beans, while the bottom portion features dark, roasted beans. At the very top, there are clusters of bright red coffee cherries. The brand name 'Ferns' is written in a large, elegant, white cursive font, with a stylized white fern frond graphic extending from the top right of the letters.

*Ferns*

# FAIRTRADE

---

Our Fairtrade blend is a smooth medium bodied coffee that has a very pleasant acidity. It has rich chocolate and cacao notes in aroma and a very delicate spicy finish. The blend is comprised of Arabica beans from Brazil and Colombia, and Robusta beans from Tanzania.

We select only the finest and most sustainably grown beans from these regions and blend and roast them at our specialist roasting facility in Basingstoke.
