

The Sanitex® Soap refills and Instant Hand Gel, offer optimal hand hygiene. Hands stay hygienic and clean long after washing. Sanitex® Luxury Foam and Luxury Liquid formulas ensure dirt is emulsified, making it easier to remove dirt from the skin in a regular hand washing process.

The Instant Hand Gel for the Sanitex® Dispenser is an instant, refreshing and caring alcohol based formula with anti-bacterial action without water. Designed to reduce the growth of micro-organisms on hands in areas where water is not available.
