

our services.

coffee.

Great coffee fuels great workplaces. We supply and service premium coffee machines, beans, and accessories from the world's leading brands — bringing barista-quality coffee directly to your workplace.

what we offer.

- World-Class Machines – Fully automatic, bean-to-cup, and espresso machines from leading manufacturers.
- Premium Coffee Beans – Ethically sourced, freshly roasted blends to suit all tastes.
- Flexible Supply – Coffee beans, milk, cups, and all consumables.
- Complete Service – Installation, regular maintenance, and rapid on-site support to eliminate downtime.

Our own Ferns coffee beans are expertly roasted, and we're happy to arrange a tasting session with your team before installation. Our dedicated coffee engineers take great pride in their work, and with our weekly service package, we ensure your machines stay clean, fully stocked, and consistently deliver exceptional coffee.

89%

of employees who already have access to great coffee said it motivated them to give their best.

71%

of employees say high-quality coffee at work would make them feel more valued.

63%

said it would improve their daily work life.

why choose us.

- Partnerships with global coffee brands.
- Expert service team on the road daily.
- Tailored machine recommendations for your team size & preferences.
- Remote monitoring on select machines for stock & performance alerts.

benefits for your people.

- Boost Morale – Quality coffee makes employees feel valued.
- Encourage Connection – Coffee breaks foster conversations and collaboration.
- Increase Productivity – Quick access to great coffee keeps energy levels up.

snacking.

Better choice matters. Smart snacking that works for your team — and your business.

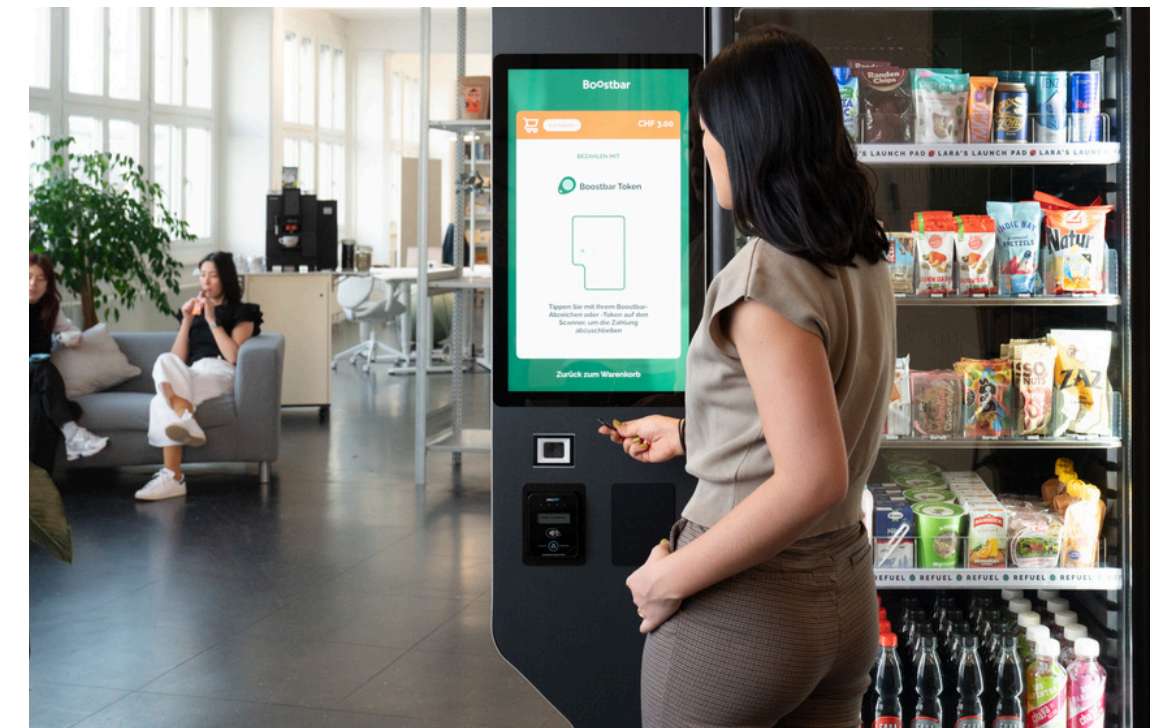

From snacks to fresh meals, our vending machines use the latest tech to keep your staff fuelled.

what we offer.

- Classic & Combo Vending – Snacks, drinks, and food in one machine.
- Fresh Food Vending – Healthy salads, wraps, and protein-packed meals.
- Smart Screen Vending – Touchscreens that allow promotions, employee engagement, and wellness messaging.
- Full-Service Operation – Stocking, cleaning, servicing — all handled by our team.

why choose us.

- Partnered with leading global vending machine brands.
- Smart tech for stock monitoring and employee engagement.
- Flexible layouts and product ranges.

benefits for your people.

- On-Demand Refreshment – 24/7 access to food and drinks.
- Engagement Opportunities – Interactive screens for company messages and rewards.
- Better Choice – Healthy options alongside favourites.

water.

Better hydration matters. Stay hydrated, stay productive. We install and maintain water coolers, smart taps, and water dispensers offering boiling, chilled, and sparkling water on demand.

what we offer.

- Plumbed-In Coolers & Dispensers – Fresh, filtered water always on tap.
- Smart Taps – Instant boiling, chilled, and sparkling water for offices & break rooms.
- Bottled Water Coolers – Flexible solutions for all spaces.
- Full Servicing & Sanitisation – Scheduled filter changes, hygiene checks, and repairs.
- Boilers - Instant boiling water. Our boilers comes in a range of capacities.

why choose us.

- Wide range of high-performance equipment from trusted brands.
- National service coverage with rapid response times.
- Energy-efficient, environmentally friendly solutions.

benefits for your people.

- Promotes Wellness – Hydrated teams stay focused and healthy.
- Convenience – No more kettle queues or bottled water deliveries.
- Eco-Friendly – Reduce single-use plastics and your carbon footprint.

micromarkets.

The future of workplace refreshment.

Open-plan, self-serve markets inside your workplace, stocked with fresh food, snacks, and drinks — all payable via self-checkout.

what we offer.

- Fully Designed MicroMarkets – Custom layouts to suit your space.
- Healthy & Fresh Options – Meals, snacks, drinks, and essentials.
- Smart Payment Systems – Card, mobile, or employee accounts.
- Stocking & Service – Regular replenishment, cleaning, and maintenance.

why choose us.

- Proven workplace MicroMarket installations nationwide.
- Flexible product mix to suit your workforce.
- Always-on availability for all shifts.

benefits for your people.

- Increased Convenience – No need to leave the building for lunch.
- Better Nutrition – Fresh, balanced choices promote wellness.
- Community Hub – Encourages interaction and social connection.

breakout spaces.

We design and build spaces where people connect.

From small coffee corners to full break rooms, we create inviting spaces that improve culture and wellbeing.

what we offer.

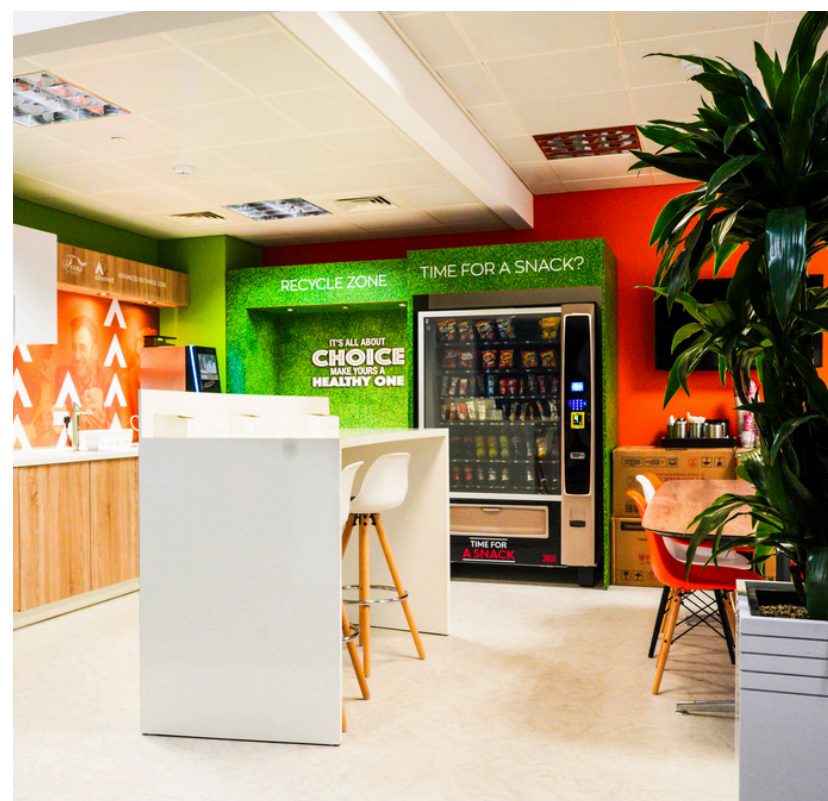

- Custom Design – Layout, furniture, and branding to match your company culture.
- Integrated Equipment – Coffee, water, vending, and MicroMarkets seamlessly fitted.
- Turnkey Service – Design, installation, and ongoing support.

why choose us.

- Decades of experience creating engaging workplace spaces.
- Partnerships with leading equipment suppliers.
- Single supplier for design + equipment + service.

benefits for your people.

- Boosted Morale – Comfortable, modern spaces employees enjoy.
- Encourages Collaboration – Casual meeting points spark creativity.
- Supports Wellbeing – A space to recharge reduces burnout.

taps & boilers.

Instant boiling, chilled, and sparkling water — all at the touch of a button. Our range of hot water boilers and smart taps delivers convenience, efficiency, and quality for every workplace. Whether it's boiling water for tea, chilled water to stay refreshed, or sparkling water to impress, we've got the solution.

what we offer.

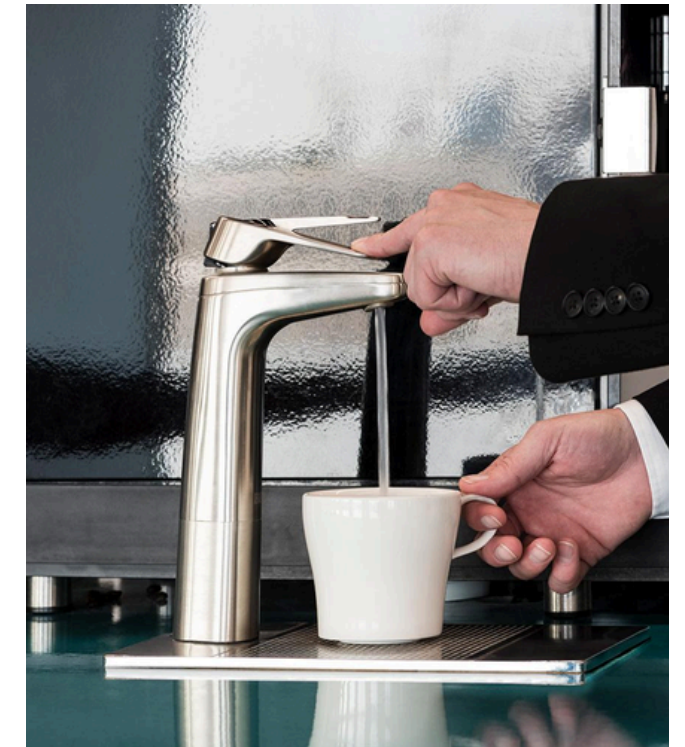

- Hot Water Boilers – Reliable, energy-efficient boilers for instant hot drinks.
- Smart Taps – Dispense boiling, chilled, and sparkling water from one stylish tap.
- Flexible Setups – Countertop, undercounter, or integrated solutions for any space.
- Full Service & Maintenance – Regular filter changes, sanitisation, and rapid support.

why choose us.

- Wide selection of market-leading brands and models.
- Nationwide service team ensuring no downtime.
- Energy-efficient systems that reduce running costs.
- Safe, modern, and user-friendly designs.

benefits for your people.

- Stay Hydrated – Chilled & sparkling water encourages healthy drinking habits.
- Save Time – Instant boiling water eliminates kettle queues.
- Boost Morale – High-quality, café-style refreshments show employees they're valued.
- Eco-Friendly – Reduce single-use plastics with refillable bottles and smart dispensing.
